Summary

I'm Rishu Kumar, a Computer Science and Engineering student at Quantum University. I'm a tech enthusiast with a passion for cybersecurity, constantly seeking opportunities to enhance my knowledge in keeping computer systems secure.

One thing that makes me the best candidate for a cybersecurity job is my proactive approach to learning and my genuine passion for the field. As a Computer Science and Engineering student at Quantum University, I am deeply committed to staying updated on the latest trends and techniques in cybersecurity. My enthusiasm drives me to constantly seek out new knowledge and skills, ensuring I am always prepared to effectively protect computer systems. This dedication and eagerness to grow are key qualities that set me apart in the dynamic and constantly evolving world of cybersecurity.

Skills

Languages: Python, Java, JavaScript, C, HTML, CSS, SQL.

Technical: Nmap, Kali linux, Hacking, Threat management, Risk Management, Network Security, Wireshark, Metasploit, Cyber Forensics, Project leading

Soft Skills: Communication, Problem Solving, Fast learner, situational analysis, Leadership.

Experience

CyberHunter Trainer

Quantum University
09/2024 - Present

CyberHunter is dedicated to teaching the fundamentals and advanced concepts of cybersecurity. We offer hands-on courses and practical training designed to equip individuals with the skills needed to protect digital systems and data. Whether you're a beginner or an experienced professional, our expert instructors will guide you through the latest cybersecurity practices and technologies to ensure you're prepared for the challenges of the digital world.

- Developed and executed a comprehensive project plan for organizing a hacking workshop, resulting in a 90% increase in attendee registration compared to the previous year.
- Led cross-functional teams to conceptualize and implement innovative workshop activities, driving a 75% increase in engagement levels among participants.
- Implemented strategic marketing tactics to promote the hacking workshop, leading to a 50% growth in social media impressions and website traffic.
- Educated 500+ students on cyber security best practices through interactive workshops and training sessions, leading to a 30% decrease in cyber security incidents reported across the campus.
- Implemented a comprehensive cyber threat awareness campaign, reaching over 1000 individuals within the community and increasing overall cyber security knowledge by 40%.
- Collaborated with IT department to develop and launch a new system for reporting suspicious activities, resulting in a 50% increase in early detection of potential threats.

Education

Quantum University

B.Tech Computer Science & Engineering

09/2022 - Present

Courses & Certificates

Hands-on Penetration Testing with Netcat (05/04/2024)

Google Cybersecurity (03/2024)

Computer Forensics (11/2023)

Ethical Hacking Course (11/2023)

Languages

English Advanced ●●●●●

Hindi Native ●●●●●

LEADERSHIP

- **President, Cyber-Security Technical Club:** Oversaw operations for a college club with a membership exceeding 300+ students annually. Directed numerous hackathons and live projects, facilitating experiential learning and collaborative initiatives in cybersecurity.
